

2024-2025 Continuing Student Housing Selection

Welcome to the 2024-2025 Continuing Student Housing Selection Guide. This guide contains important information for the selection process. Be sure to read this guide carefully and contact Residence Life at reslife@ut.edu if you have any questions.

[Residence by Symplicity: Selection How-To](#)

Application Process

Log in to [Symplicity](#) with your Spartans domain and password. All eligible residents will have access to the application on their home screen. If you do not see the application and you are a current resident, please contact Residence Life before Feb 10.

Part 1 of the application includes profile, special needs, meal plan, roommate matching profile, and housing agreement.

Part 1 is required and due by Feb 9 at noon.

Part 2 of the application is optional. You may select by yourself or as part of a group. Part 2 is where you will be able to form and change roommate groups throughout the process. The group selection time will be the median best (middle best) of its members. Adding or removing members may affect the group selection time.

Roommate Groups

If you know who you want to live with, we suggest talking in advance and designating one person as the “group leader” to start the group. This will help prevent the error of starting multiple groups. The group leader will click “find someone you know” and enter each roommate’s code. Each student has a unique roommate code that they can view on their screen. The leader can then invite them to join the group. Each member will have to log in and accept the invitation.

Changing Roommate Groups

Roommate groups can be edited using the same steps. The “group leader” (person who created the group) can add or remove any member to the group. To remove members, the group leader selects the red “X” button next to the roommate to be removed, then saves the changes to the group.

By selecting Leave Group, any member of the group can remove themselves from a roommate group at any time until the selection is finalized. Any individual can also remove themselves from the group by clicking on the red “X” button.

When someone is removed from the group, an email notification is sent to all members of the group making them aware of the change to the group.

Additionally, the group leader may pass the “group leader” role to any other member of the group by selecting the “up arrow” next to the intended group leader. This may be helpful to use if the group’s selection time conflicts with the group leader’s schedule.

In this process, we ask that you honor the Spartan Code and be respectful of your fellow group members by contacting them beforehand when removing or leaving groups. The group’s selection time will be the median (middle) best number out of its members. Adding or removing members may affect the group selection time. If so, the changes to selection time will be immediately apparent upon saving the changed group.

- **Note: Once you leave a group or remove a member of the group, you will need assistance from the Office of Residence Life to add that same member back to the group.**

How to Select

On February 16, a selection time will be assigned to each resident who completed an application by the deadline. The time will populate in each student’s account on [Residence by Symplicity](#).

- Selection times will be assigned randomly giving priority to those with the fewest numbers of semesters lived on campus.

Once selection times are live, in [Residence by Symplicity](#), you will see Room Selection as an option on your account.

- The group’s selection time will be the median best (middle best) of its members. The median is the middle selection time out of all group member’s times when sorted in chronological order. Adding or removing members may affect the group selection time. If so, the changes to selection time will be immediately apparent upon saving the changed group.

A screenshot of the "Room Selection" page on the Symplicity website. The navigation bar at the top includes "Home", "Applications And Forms", "Roommates And Suitemates", "Room Selection" (highlighted), "My Account", and "More". The user's name "testy t Test" and "Your Roommate Code: baudol306" are displayed in the top right. Below the navigation, there are two links: "Return to Previous Screen" and "Return to list (Room Selection)". The main heading is "Housing Selection 2018-2019 (Fall 2018)". Below this, the "Assigned Room Selection Time" is "THU, NOVEMBER 30 @ 2:57 PM EST", the "Start Date" is "THU, NOVEMBER 30 @ 10:00 AM EST", and the "Finalize your selection by" date is "MON, MARCH 12 @ 4:45 PM EST". A timer shows "102 DAYS", "0 HRS", "37 MINS", and "54 SECS" remaining. At the bottom, there is a progress bar with two steps: "Update Roommates" (labeled "Optional" and "testy t Test") and "Select a Room" (labeled "Required").

View and search rooms

You can use the filters to search for what type of space you are looking for. You will be able to filter by Building, Floor, Occupancy, or Room Rate. This list is pre-filtered based on the combined eligibility of the group members. Changes in the roommate group may affect the rooms or apartments displayed. The Availability column lists how much space is available in each room.

- Rooms showing a **BLUE open room button** are available for you to choose.
- Rooms showing a **WHITE open room button** are not available to groups of your size (your group may be too big or too small for that room).

You can save your favorite rooms by clicking on the star in the Selection column. **By saving a Favorite room, participants create a personal list that allows for faster selection when it is your selection time.**

Clicking on the room will also note **gender inclusive rooms as (mixed/no restrictions).**

Finalize Room Selection

Once a room or rooms have been identified, the group leader should make the selection. The display lists all group members and the room the group leader selected. If selecting an apartment/suite, the group leader will need to place each person from the roommate group into the bed spaces related to the apartment/suite.

- **Be sure to discuss with your members who will be in which bedroom or who will share a bedroom.**

When the assignment is ready to be finalized, the “Finalize Selection” button is displayed. After clicking on the “Finalize Selection” button, click OK to confirm that the housing selection is finalized.

Back Finalize Selection

Your selection is not complete until you click the “Finalize Selection” button.

- **Tip: You may want to screen shot this page to share with your group.**

Once an assignment has been finalized and submitted you will not be able to edit the group or change the finalized room assignment.

Room Change Waiting List

If you were not able to secure the ideal space for yourself or your group, please select a space and then place yourselves on the room change waiting list. **This list will open after housing selection ends for those who selected a room during the process.** The waiting list to change rooms will be reviewed through the summer.

No Guarantee Wait List

If you do not participate in the selection process and select a space, you cannot be on a waiting list to change rooms/buildings. Your only option is the no guarantee wait list. While the Office of Residence Life strives to accommodate students on the No Guarantee Wait List, there is no guarantee you will be offered on campus housing.

Finalized: Your room selection has been finalized.
