## Summary

---

As a physician assistant (PA), actively participate in academic training and clinical preceptorship of future PAs. Academically, incorporate data driven decision making to support process improvement. Clinically, I am licensed in the state of Florida and currently employed in a variety of Tampa Bay area emergency departments. Emphasize inclusion of evidence-based medicine into daily medical decision making and strive for equal non-biased healthcare delivery.

---

---

## Professional Academic Experience (includes history of rank)

---

### Academic Director and Assistant Professor of Physician Assistant Medicine

**University of Tampa, Physician Assistant Medicine Program, Tampa, Florida**

**DECEMBER 2020 - PRESENT**

As a core faculty, main responsibilities involve participation in all aspects of PA program including but not limited to delivery of content to didactic and clinical year students, develop and coordinate practical activities for multiple cohorts, guide students through their professional development, actively participate in peer-review and in other various committees to improve academic experience. While maintaining role of assistant professor, main duties as an Academic Director include oversight over curricular designs and optimize delivery of didactic content in an efficient, peer-reviewed, and data-driven approach. Furthermore, to routinely analyze both didactic and academic organizational data and supply faculty with reports applicable to their function within the department to ultimately improve performance.

## **Adjunct Professor**

### **Barry University, St. Petersburg Campus**

**MARCH 2018 – APRIL 2021**

Main responsibilities include development of learning objectives and delivery of Emergency Medicine course to didactic students, as well as miscellaneous topic lecturing as directed by didactic team. Other responsibilities include coordination of structured clinical examinations and development/assistance with meeting objectives for each lab. Actively participate in supervision of students performing H&P's and critically appraise student's performance during practice labs and end-of-rotation exams utilizing constructive comments.

---

## **Post-Graduate Clinical Training**

### **Emergency Medicine Advance Practice Providers (EMAPP) Fellowship**

#### **Envision Physician Services, Bayfront Health FL**

**FEBRUARY 2015 - JUNE 2015**

This was an intense four-month post-graduate clinical training and educational program provided through EmCare South Division (now Envision Physician Services) under close collaboration with emergency medicine physicians and experienced APP's. It offered the advantage of a guided learning experience and direct patient care while in a protected learning environment to increase knowledge, confidence and presented a smooth transition into clinical practice. The obligations included but was not limited to a minimum of 52 half hour digital lectures, 60+ hours per week of hands-on training alongside a physician, supervision of practice specific procedures, and case studies.

---

## **Clinical Employment History**

### **Emergency Medicine Physician Assistant**

Major responsibilities consist of being involved in all aspects of patient care including but not limited to collecting detailed history, performing physical examination, ordering and interpreting laboratory and diagnostic tests, development and implementation of treatment plans, set-up of follow-up appointments, prescriptions of medications, conscious sedation procedures, performing minor surgical procedures as well as critical care management. Other roles include participation in grand rounds, precepting medical residents and PA students as well as participating in quarterly ED section meetings.

---

## **Non-Clinical Employment History**

---

### **Chief Medical Officer**

#### **Global Litigation Consultants**

**DECEMBER 2020 – AUGUST 2022**

Oversee the service line of medical consultation review with medical malpractice attorneys in all realms of litigation, for personal injury, medical malpractice, nursing home negligence, birth injury, mass tort, and more. Work with attorney-clients to develop pre-litigation, litigation, and post-litigation reports that best benefit them in their case needs including initial medical chart review for merit, medical chronologies, chart organization, case summaries, and ethical expert opinions. Guide cases based on available clinical information.

### **President & CEO**

#### **Sereda Health LLC**

**JUNE 2016 – FEBRUARY 2022**

As the CEO I was responsible to lead the operations and determined strategic direction of the company to establish solid foundation and provide medical services in the community. As part of business development, I established legal structure, setup regulatory and accounting practices, as well as optimized relationships with community peers. Other responsibilities included management of staff, performance of internal audits, seeking out new contracts, and developed marketing strategies to assure attainment of desired targets and goals.
