Academic Appointments

- **06/2016- Present** **UT** **Tampa, FL**

**The University of Tampa
Physician Assistant Program**

Director/Chair Physician Assistant Program/Associate Professor: The role of the program director is to provide leadership in the area of program administration. This includes primary responsibility for the program's organization, administration, fiscal management, continuous review and analysis, planning and development, as well as supervision of the medical director, faculty and staff in all activities.

- **02/2015- 9/2016** **OUHSC** **Oklahoma City, OK**

**Oklahoma University Health Science Center
Physician Associate Program**

Director for Evaluation and Assessment/Clinical Associate Professor: The role of the director for evaluation and assessment is to provide leadership in the area of program self-evaluation and continuous improvement. Additionally, the role has expanded to include program risk assessment and policy development.

- **03/2013- 12/2014** **UTHSC** **Memphis, TN**

**The University of Tennessee Health Science Center
Physician Assistant Program**

Department Chair/Program Director/Assistant Professor: The role of the program director is to provide leadership in the area of program administration. This includes primary responsibility for the program's organization, administration, fiscal management, continuous review and analysis, planning and development, as well as supervision of the medical director, faculty and staff in all activities.

- **05/2012- 03/2013** **UTHSC** **Memphis, Tennessee**
The University of Tennessee Health Science Center
Physician Assistant Program

Academic Coordinator/Assistant Professor: The role of the academic coordinator is to provide leadership in the area of program curriculum.

- **07/2008-05/2012** **Bethel University** **McKenzie, Tennessee**
Physician Assistant Program

Program Director/Assistant Professor: The role of the program director is to provide leadership in the area of program administration. This includes primary responsibility for the program's organization, administration, fiscal management, continuous review and analysis, planning and development, as well as supervision of the medical director, faculty and staff in all activities. Leadership includes the oversight of the Continuing Medical Education and Continuing Education Program.

Instruction: The primary instructor of the clinical medicine/dermatology course, clinical skills course and behavioral science course in the graduate college and the medical ethics course in the undergraduate college.

- **2006-07/2008** **Bethel College** **McKenzie, Tennessee**
Physician Assistant Program

Clinical Director/Assistant Professor: The role of clinical director is to recruit and maintain adequate and appropriated clinical and preceptor sites. The clinical director is responsible for developing evaluation tools that determine the competency of the student as they progress from the clinical year to their senior summative review. Advising, teaching, evaluating, and recruiting are essential functions of this role.
