

**University of Tampa**  
**Department of Physician Assistant Medicine**  
**Admissions Statistical Profile**

The Department of Physician Assistant Medicine’s stated admissions goal is to select qualified applicants, through a holistic process, who successfully complete the program. The following class characteristics are reported for each cohort and compared to the admissions averages reported annually by the Physician Assistant Education Association (PAEA) Matriculation Survey (MSS) or PAEA Annual Report.

Admission goals related to our preferences are:

- PA students from groups underrepresented in medicine will be at or above the average represented in the national PA student population.
- 20% of PA matriculates will have prior military/veteran status
